26-28 September 2024 // Split-Bol (island of Brač), Croatia

## Symposium on Security and Digital Forensics

Symposium chair: Toni Perković, University of Split, Croatia (toperkov@fesb.hr)

## **Call for Papers**

The 8<sup>th</sup> Symposium on "Security and Digital Forensics" will be held in the frame of the 32<sup>nd</sup> International

The 8<sup>th</sup> Symposium on "Security and Digital Forensics" will be held in the frame of the 32<sup>th</sup> International Conference on Software, Telecommunications, and Computer Networks (*SoftCOM 2024*) on September 26 - 28, 2024 in Split-Bol (island of Brač), Croatia. The conference is co-organized by the University of Split, FESB and Croatian Communications and Information Society (CCIS), and technically co-sponsored by the IEEE Communication Society (ComSoc). Accepted and presented papers will be published in the conference proceedings and submitted to IEEE Xplore as well as other Abstracting and Indexing (A&I) databases. Paper length should be max 6 pages in two-column IEEE format. Authors of selected papers will be invited to submit an extended version of their manuscripts for publication in a special issue of the <u>Journal of Communications Software and Systems (JCOMSS)</u>.

We cordially invite speakers who wish to present original papers on the following subjects, but not limited to:

- Digital Forensics Process Model Information Systems and Crime Analysis Business Application of Digital Forensics Digital Forensics Techniques and Tools Digital Forensics Case Studies

- **Database** Forensics Cloud Forensics
- Mobile and Multimedia Forensics
- Network Forensics Big Data and Digital Forensics Digital Forensics Trends
- Incident Response Steganography and Steganalysis Biometric Approaches Computer Security

- Mobile Communications Security
- Operating System Security Trusted Computing Network Security Wireless Security Distributed System Security

- Secure Code Development Penetration Tests and Intrusion Detection Systems Malware Trends: Viruses, Spyware, Spamware Advanced Applications in Cryptography and Al/ML

**IMPORTANT DATES** Final manuscript due
